

Planned CCS Projects, Illinois

- 1 CHS Patriot**
Henry County (*Annawan*)
One injection well
?? MMT CO2 stored over ?? years
- 2 Marquis Energy**
Putnam County (*Hennepin*)
One injection well
9 MMT CO2 stored over 6 years
- 3 Alto Ingredients**
Tazewell County (*Pekin*)
One injection well
?? MMT CO2 stored over ?? years
- 4 One Earth Sequestration**
McLean & Ford Counties (*Gibson City*)
Three injection wells
90 MMT CO2 stored over 20 years
- 5 Heartland Vervain**
Logan & McLean Counties (*Atlanta*)
Two injection wells
62.5 MMT CO2 stored over 25 years
- 6 Heartland Compass**
DeWitt County (*Clinton*)
Two injection wells
62.5 MMT CO2 stored over 25 years
- 7 ADM Maroa**
Macon County (*Maroa*)
Three injection wells
39.6 MMT CO2 stored over 12 years
- 8 ADM Decatur**
Macon County (*Decatur*)
CCS#1. One injection well (closed)
1MMT CO2 stored over 3 years
CCS#2. One injection well (active)
4.5 MMT CO2 stored over 8 years
5.5 MMT CO2 total capacity
CCS #3, One injection well (new)
14.3 MMT CO2 stored over 12 years
- 9 City Water, Light, & Power**
Sangamon County (*Springfield*)
?? injection wells
?? MMT CO2 stored over ?? years
- 10 Heartland Greenway**
Christian County (*Taylorville*)
Six injection wells
180 MMT CO2 stored over 30 years
- 11 Prairie State Coal Plant**
St. Clair County (*Marissa*)
?? injection wells
?? MMT CO2 stored over ?? years
- 12 Cronus Chemicals**
Douglas County (*Tuscola*)
?? injection wells
?? MMT CO2 stored over ?? Years
- 13 Big River Resources**
Henry County (*Galva*)
?? injection wells
?? MMT CO2 stored over ?? Years

Legend

- Under review by the U.S. EPA
- Under review by the EPA but banned by Mahomet Aquifer legislation
- Existing wells, plus one new injection well under EPA review
- Proposed capture sites. Location of storage and number of injection wells not known
